Bernkasteler alte Badstube am Doctorberg Riesling Spätlese feinherb Dr. Pauly-Bergweiler / Bernkastel-Kues

Terrior

The Doctorberg is the prime vineyard of Dr. Pauly-Bergweiler. It is only 4 acres in size and it is held to 100% in the hands of the Pauly-Family. The stony blue-grey clay slate is a residual soil having a very good heat-storing potential, which makes it possible to grow quality Riesling grapes for high-end world class wines. The high proportion of blue slate gives the wine a high content of minerals and finesse. Because of the partly more than 70year old vines the yield is very low.

Description

“Feinherb” is what we call “the extended off dry”. These wines have a perfect balance between sugar and acidity and are closer to a dry taste profile. The Doctorberg shows tropical fruit and fresh bread in the nose, the taste recalls the picture of ripe, juicy grapes.

Suggestion

This wine is fantastic with bright meat, e.g. scalloped veal with a sauce of orange and black pepper.

Quality level

Spätlese

Grape varietal

100 % Riesling

We say:

“The feinherb category is the best! These wines can be used as food wines as well as cocktail wines.”
