Bernkasteler alte Badstube am Doctorberg Riesling Spätlese trocken Dr. Pauly-Bergweiler / Bernkastel-Kues

Terrior

The Doctorberg is the prime vineyard of Dr. Pauly-Bergweiler. It is only 4 acres in size and it is held to 100% in the hands of the Pauly-Family. The stony blue-grey clay slate is a residual soil having a very good heat-storing potential, which makes it possible to grow quality Riesling grapes for high-end world class wines. The high proportion of blue slate gives the wine a high content of minerals and finesse. Because of the partly more than 70year old vines the yield is very low.

Description

The Doctorberg Riesling Spätlese DRY comes with tropical fruit impressions like pineapple and mango, also white peach and apricot. The taste shows a nice, vibrant acidity and the full body of a Spätlese. The stainless-steel fermentation supports the fruitiness.

Suggestion

This dry Spätlese is a perfect match for rich seafood. Try it with lobster or crab meat.

Quality level

Spätlese

Grape varietal

100 % Riesling

We say:

„The Doctorberg brings us the most powerful wines in our lineup. With the deep layer of decomposed slate and its old vines it gets the backbone that is needed for aging.”
