Ürziger Goldwingert Riesling Spätlese Dr. Pauly-Bergweiler / Bernkastel-Kues

Terrior	The Ürziger Goldwingert vineyard is less than 0.3 hectares (0.74 acres) in size and one of the smallest vineyards in Germany. The vineyard reaches up only 40 meters from bottom to top. The Goldwingert is bordered on three sides by high stone cliffs and faces south. The self-rooted Riesling vines grow on deep grey-red slate soil with a high stone content. Wines grown in the Ürziger Goldwingert have outstanding elegance combined with classy fruitiness and lively harmony.
Description	From the Goldwingert we get wines that have a unique minerality and a fruity elegance. Due to the red slate the character of these Riesling wines is much more full bodied and spicy than the classy fine wines from the blue slate terrior in Bernkastel and Wehlen.
Suggestion	The Goldwingert Spätlese is a perfect match for Sushi. Try it with a spicy wasabi-soy-sauce; the sweetness of the wine cuts through the hot spice of wasabi.
Quality Level	Spätlese
Varietal	100 % Riesling

We say:

“Not an easy drink. Beware of the red slate power. If you love wines with character and depth, this is yours!”
