## Bernkasteler alte Badstube am Doctorberg Riesling GG – Bernkasteler Ring Dr. Pauly-Bergweiler / Bernkastel-Kues

### Terrior

The Doctorberg is the prime vineyard of Dr. Pauly-Bergweiler. It is only 4 acres in size and it is held to 100% in the hands of the Pauly-Family. The stony blue-grey clay slate is a residual soil having a very good heat-storing potential, which makes it possible to produce quality grapes for high-end wines. The high proportion of blue slate gives the wine a high content of minerals and finesse. Because of the partly than 70 years old vines the yield is very low due to small aromatic grapes.

### Description

Riesling wines labelled as "Großes Gewächs Bernkasteler Ring" originate from our best steeply sloped vineyard – Bernkasteler alte Badstube am Doctorberg – and are distinguished by their extraordinary potential for maturity. Selective berry-picking by hand, an authorized maximum yield of 50 hl/ha and a strict sensory examination are the prerequisites for classifying a wine in this top dry wine category. Suggestion It is an ideal partner for any kind of fish. Try it with Dover sole or pike.

### Quality Level

QbA (GG – Bernkasteler Ring) → highest dry Riesling standard

### Varietal

100 % Riesling

### We say:

“The GG for our dry Riesling line is the cherry on top of a Sundae. Hard to find so much complexity and minerality in a dry Riesling.

Just made in top “Dry Riesling vintages” such as , 2011, 2013, 2015, 2016.”
